INTRODUCTION

The James Douglas Anderson Papers, Addition 1, span the years 1885-1940. The addition consists of 22 scrapbooks compiled by Mr. Anderson, mostly of newspaper clippings. Many of the clippings are articles written by Mr. Anderson for various newspapers. Some of the clippings are not identified by date, author, or newspaper.

These and other scrapbooks were transferred from the library for processing into the manuscript collections. After inspection it was determined that 22 of the scrapbooks could be ascribed to Mr. Anderson, and thus it was decided to process these 22 scrapbooks as an addition to the two existing collections of James Douglas Anderson Papers (accession numbers THS 379; THS 785) in the holdings of the State Library and Archives. The Anderson Papers collections are Tennessee Historical Society (THS) collections. This first addition to the Anderson Papers has not been microfilmed and is retained in original documents. There are no restrictions on the use of the scrapbooks.
