SCOPE AND CONTENT

The Paul C. Hancock Papers, containing approximately 350 items, span the period of 1953-1977, although the bulk is largely concentrated in the years 1953-1986. The collection consists of Dr. Paul C. Hancock's doctoral dissertation, "A History of Music Education in Nashville and Davidson County Public Schools (1873-1975): Local Reflections on National Practices in Music Education" and a set of back-date files from old county music department files, old city music department files, and metropolitan Nashville music department files. In arranging Dr. Hancock's papers the same subject headings are used that were found in the back-date files. Two disc recordings were transferred to the Tennessee State Library.
