INTRODUCTION

Record Group 300, Secretary of State, Bank Charters, span the years 1885 through 1939. The collection consists of five bound volumes of bank charters that were recorded with the Secretary of State's office. These records were created and maintained by the Secretary of State's office and transferred to the State Library and Archives in good condition. The volumes are arranged chronologically with an alphabetical index in front of each book. The information found on the charters include the names of the individuals responsible for forming the charter, the name of the bank, the date of the charter, and the names of the witnesses of the Notary who notarized the document. The researcher can find additional information on banking in Record Groups 47, 48, and 154.

The books in this collection have been lightly dusted and placed in acid free boxes. There are no restrictions on the use of these materials. The documents have been kept for historical purposes and have not been microfilmed.
