Administrative/Biographical History

This Board began in 1973 as the Board of Examiners of Speech Pathology and Audiology, then was restructured in 1995 by the State Legislature as the current Board of Communication Disorders and Sciences. Its mission is to safeguard the health, safety, and welfare of Tennesseans by requiring those who practice the profession of speech pathology and audiology within this state be qualified. The Board interprets the laws, rules, and regulations to determine the appropriate standards of practice in an effort to ensure the highest degree of professional conduct. The Board is authorized to issue licenses to qualified candidates who have completed appropriate education and successfully completed required examinations. The Board is responsible for the investigation of alleged violations of the Practice Act and rules and is responsible for the discipline of licensees who are found guilty of such violations.
