RG 370

Language:

English

Permanent Location:

RG 370

Repository:

Tennessee State Library and Archives, 403 Seventh Avenue North, Nashville, Tennessee, 37243-0312

Administrative/Biographical History

In 1999, the Tennessee General Assembly created the Committee for Clinical Perfusionists to license those individuals actively engaged in the practice of perfusion as that term is defined in T.C.A. §63-28-102(6). The Committee is responsible for safeguarding the health, safety, and welfare of Tennesseans by requiring those who practice perfusion be qualified. The Committee, working with the Board of Medical Examiners, interprets the laws, rules, and regulations to determine the appropriate standards of practice to ensure the highest degree of professional conduct. The Committee has the authority to issue licenses to qualified candidates who have completed appropriate education and successfully completed required examinations. The Committee, along with the Board, determines the appropriate standard of care, investigates alleged violations of laws and rules, and disciplines licensees who are found guilty of such violations.
