FAMILY LAND HERITAGE-CENTURY FARMS  
PROGRAM RECORDS, 1975-1978**

**RECORD GROUP 62**

Processed by John H. Thweatt and Sara Harwell  
Completed Feb. 6, 1979

**MICROFILM ONLY**

## **SCOPE AND CONTENT**

The Family Land Heritage-Century Farm Program Records of the Tennessee Department of Agriculture contain validated information by 88 county historians on farm information submitted by 959 Tennessee families who operate 637 farms, which have been in continuous agricultural production for 100 years or more.

The records answer questions about the ownership of the land, history of the land, descendant owners of the land, present status of the land, information for certificate presented by the Tennessee Department of Agriculture, and certification of validation of the Century Farm application by the county historian.

The Family Land Heritage-Century Farm program was established during National Farm-City Week, November 21-27, 1975, and concluded July 1, 1978. Presentations of Family Land Heritage-Century Farm certificates, honoring the farm land, were presented at the following fairs during the fall of 1976-Appalachian Fair, Gray (Upper East Tennessee counties); Mid-South Fair, Memphis (West Tennessee counties); Obion County Fair, Union City (Upper West Tennessee counties); Tennessee Valley A and I Fair, Knoxville (Lower East Tennessee counties); and Tennessee State Fair, Nashville (Middle Tennessee counties).

Original records were loaned for microfilming by the Tennessee Department of Agriculture.
