## SCOPE AND CONTENT

Record Group 327 consists of the registration forms filed by professional lobbyists with the Tennessee State Registry of Election Finance from 2004-2006. The records in this collection have been arranged alphabetically by the last name of the individual. This collection has been microfilmed and the original documents disposed of in accordance with Records Disposition Authorization No. 1743.

Lobbyists in Tennessee are required to register with the State Registry of Election Finance according to Section 3-6-101, Tennessee Code Annotated. These registration forms must include background information on the lobbyist, a complete list of clients, and any addenda to previous registrations. The Registry recommends inclusion of a photograph of each lobbyist with the registration. These registrations must be filed with the Registry by June 30th of each year or the day following the end of the regular annual session of the legislature, whichever is later. Any contributions or gifts, services or business arrangements made for officials of the executive branch of government and members of the General Assembly must be included with the filings. Failure to file a report with the Registry can result in a penalty of \$25 per day; applicants can appear before the Registry to plead their case in instances where penalties may be incurred. Many of the files in these records include documents related to such appeals and any penalties declared by the Registry.

The Registry of Election Finance is a seven-member board appointed by the Governor and the General Assembly.
