Private School Approval

1971-1987

Record Group 224

[Microfilm Only]

Processed by: T. Morrison, Jr.
Date Completed: 7-27-94

SCOPE AND CONTENT NOTE

Record Group 224 consists of preliminary reports and various related items submitted to the Tennessee Department of Education by private and/or parochial and special schools/programs. These records encompass the school years 1974-1975 through 1983-1984, however there are items dated 1971-1972, 1973-1974, 1985, and 1987.

The preliminary report serves as a measure of compliance or noncompliance with the state's handbook of **Rules, Regulations, and Minimum Standards** in order to receive state and federal funds. Schools/programs applying for state approval must submit a report listing teachers employed and their level of certification, or lack thereof. The report also contains the enrollment of each school and/or program by sex along with a detailed report of its facilities and resources. Also contingent upon approval is compliance with Title VI of the Civil Rights Act of 1964.

The record group is divided into three different series. Series One contains the records of **active** private and/or parochial and special schools/programs. Series Two contains the records of **mental health schools/programs**. Series Three contains the records of **inactive** private and/or parochial and special schools/programs. Inactive, in this case refers to schools/programs that were either eliminated from the state approved list; the school/program declined the application process for state approval; the school/program instead sought regionally accredited status; and/or ceased operation as a school or program.

For more information on school approval and accountability, consult **Rules, Regulations, and Minimum Standards** (Tennessee Department of Education); Record Group 51, Department of Education, Private and Public Schools, 1931-1968; Record Group 91, State Board of Education Records, 1815-1958; and Record Group 92, Tennessee Commissioner of Education Records, 1913-1970.

These records have been microfilmed and the original records disposed of in accordance with Records Disposition Authorization Number 769.
