## **Administrative/Biographical History**

The 100<sup>th</sup> General Assembly established the Tennessee Economic Council on Women in 1998. Under the direction of an appointed 21-member board, the council addressed the economic concerns and needs of Tennessee's women. In serving as an advocate for women, it developed policy and recommendations, consulted with state and local officials, educated the public and encouraged women to serve on state boards and commissions. The council was attached to the Department of State for administrative purposes. Public Chapter No. 326 terminated the council effective July 1, 2017.
