## **SCOPE AND CONTENT NOTE**

Record Group 123 consists of various Tennessee legislative reapportionment maps from the years 1984-1988. Included are statewide maps of Tennessee House and Senate districts, along with individual district maps of Davidson, Hamilton, Knox and Shelby counties.

These reapportionment maps can be studied in order to determine what efforts have been made in Tennessee to provide equal representation in the state legislature. Along with census data, they reflect the changing pattern of Tennessee's growing population.
